

2024 Goal:  
+12 New or  
Lapsed Givers

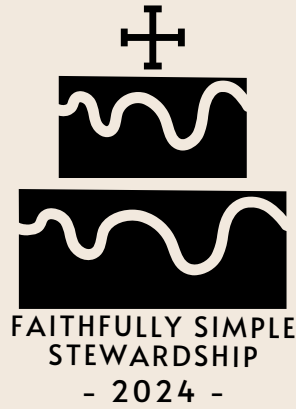

# GOAL

10% more commitments

In 2024, we are praying to God and simply asking you to help us grow our commitments by 10%. We currently in 2023 have 124 families or individuals who pledge to sustain our faith community. To continue to sustain our ministry together, in 2024 we need to grow that number by 10%, at least 12 new or lapsed givers, to get us to a total of at least 136 pledges.

Stewardship in 2024 →

# A Joyful Year

## A Year of Renewal

There are exciting things in store for 2024. We are reforming the story of our faith community for the present post-pandemic era and recasting our mission. Then over the summer, we will be embarking on adventures of the spirit, relationships, and joy with fun and unique experiences.

CTKB is a community we create together, and each person plays an important role in making us who we are. Making a commitment is a simple act, but a vital part of what makes all this possible.

# What Is Your Piece?

## We Invite You To Pray

Pray for our congregation's mission and ministry together and your part in it. Consider what God has done in your life and what the others in this community of faith mean to you. Pray about your offering for the next year. Pray about your response to our Stewardship campaign.

If you have never made a commitment before, or have lapsed in your commitment to the community, prayerfully consider this an invitation to reconnect and participate in a way that makes sense for you. If you're already committed to the community, prayerfully consider increasing your offering to Christ the King.

We need everyone to participate in order to keep doing this ministry that means so much to so many.

## Community

## Take Part In Something Good

It's a piece of cake! Sharing in the good work of community ministry at Christ the King in Bloomington is easy. It's as easy as showing up to be together and pray for one another, like we do every Sunday morning and Wednesday evening. It's also as easy as making a donation in an amount that makes sense in your life and faith practice to sustain this work that we do and the community that we share together.

"My journey of faith [means doing] things in Community, in relationship with you and in relationship with God."

-Eli Jones, 2023 Confirmand
